No. 1 – SHARPENING OUR FOCUS
LUKE 22:7-8 - It’s easy to lose focus. Schedules, pressures and life demand and cause blurred vision. Often we lose focus and don’t even realize it. Jesus wanted His disciples to stay on task. He pressed them to keep their mission clear and their hearts clean. Throughout all of scripture we see rhythms and disciplines established with the purpose of sharpening our focus. These disciplines keep us from forgetting what is important ahead from what is urgent. Celebrating the Lord’s Supper is a great exercise in sharpening our focus.

- The Last Supper is linked to the ____________________________.
- The Last Supper was established as a ____________________________ to be celebrated ________________________________.
- The Last Supper serves to keep us ________________________________ on what’s important.

Are there any ________________________________ inside of me?

Jesus is our ________________________________.
Am I living ________________________________?

The Lord’s Supper is shared as a ________________________________.
Is there anything between my ________________________________ and me?
