

### 1. Hypostatic Union

**Colossians 1:15-20**—The union of Heaven and Earth is what the story of the Bible is all about. God created the world to be in perfect union with Heaven. The tabernacle and temple were spaces where Heaven and Earth overlapped. Ultimately, God sent His own Son so that Heaven and Earth collided in one person. Jesus makes a way for us all to experience that collision in our own lives.

1. Christ is truly God.
  - Adoptionism—A man gradually became God (Heresy)
2. He is truly human.
  - Docetism—Christ's body was not truly human (Heresy)
3. He is one person.
4. In Him, there are two distinct natures, divine and human, clearly distinguishable and substantially different, yet undivided, inseparable, and unconfused.

#### WHY DID JESUS BECOME A MAN?

1. To reveal God to humanity. —John 1:18
2. To provide a high priest interceding for us, able to sympathize with human weaknesses. —Hebrews 4:14-16
3. To provide a substitutionary sacrifice for the sins of all humanity. —Hebrews 10:10
4. To teach us how to live life to the full. —John 10:10, Colossians 2:9-10, Luke 17:20-21
