

DAY 25 - MONDAY, FEBRUARY 18

Welcome back to the journey through Peter's Life. What has the Lord been doing in and through you over this past week? Journal your thoughts below:

PRAY

As we dive back in, remember that the goal is to try to immerse ourselves into the Biblical text in a manner that allows us to see it in a new and fresh way. Be intentional to slow down, remove distractions, and open yourself up to the Holy Spirit's guidance as you dive into the Word.

When you are ready, agree with this prayer:

Lord, You are worthy of my best attention and efforts. I give You this time to hear and learn from You. Guide me in this Here to There journey You are taking me on. Thank You for the gift of Your Word. In Jesus' name, Amen.

PENTECOST

Last Spring, we did a teaching series at NMC called *Unleashed*. The focus was on the events surrounding the unleashing of the Holy Spirit on the early Church, and the early Church being unleashed into the world to share the Good News of Jesus Christ. The Scriptures we will dive into this week are the same as what we studied. As we dive in again this year, we narrow our focus to Peter and the role he played, which is an extremely significant role. As we dive into today's story, do your best to put yourself back into the position and mindset of Peter. Remember all the highs and lows in his journey with Jesus.

READ AND CONTEMPLATE [ACTS 2:1-40](#)

This is the passage that Pastor Dave preached from yesterday as well. If you were not able to be here, or you would like to take the message in one more time, check out: [Peter and the Day of Pentecost](#).

As you picture yourself on the scene in the moments that unfold in verses 1-13, what sticks out to you and why?

As you picture yourself as Peter addressing the crowd in verses 14-38, explain what is going on with your senses (see, feel, hear, taste, touch):

MAKE IT PERSONAL

This amazing event marks the unleashing of the Spirit on the Church.

Where do you sense He is seeking to unleash you?

What, if anything, is present in your life that could be holding you back from the full unleashing of the Holy Spirit in your life?

THE BOTTOM LINE

At first glance, your *Here to There* journey may not look like it, but if Jesus is truly in our *Here to There* journey, His ultimate goal is to release us into this world for maximum impact for His sake. If you don't sense or see a clear direction in that way at this moment, place your trust in Him to reveal it in His timing.
